## News from the Faculty Research Support Office

### Did you know?

You can now use RSpace, the new Electronic Lab Notebook (ELN) at UGent? It allows you to digitally record all your experiments, results and ideas. It provides a chronological overview of your research and helps share your project with your colleagues.

## Announcements

### Save The Date!

On Thursday, Feb. 27, 2025, Connect 2 Impact will take place in the Oehoe Auditorium & Faculty Agora. This year's event will focus on Digital Transformation, a key priority of the Flemish government.

During the event, researchers and experts will show how digital innovations within our faculty contribute to addressing societal challenges. This is a unique opportunity to learn about the latest developments and strengthen collaborations.

More information will follow soon. Mark your calendar!
