

SEASONAL

- All fresh products are seasonal.
- The main components are seasonal.
- At least one seasonal option is offered.

SHORT CHAIN

- All fresh products are obtained out of short chain supply.
- The main components are obtained out of short chain supply.
- At least one short chain option is offered.

ORGANIC

- All products for which the range exists are organic.
- The main components are organic, i.e. bread, pasta, rice, vegetables, meat, ...
- One or more main components are organic.

FAIR TRADE

- In addition to short chain products, all products - coffee, chocolate, rice and juices - meet fair trade conditions.
- The main components are largely fair trade labelled (in combination with short chain).
- One or more fair trade products are used or offered.

LOW-WASTE

- No disposable materials and only an offer of (soft) drinks based on tap water.
- Only reusable materials except for bio-based disposable materials which is selectively collected and processed. Water is from the tap, not from the bottle.
- No disposable packaging produced out of fossil resources.

RESIDUAL PROCESSING

- Almost no food is thrown away.
- Concrete steps are taken to greatly reduce food waste.
- All kitchen waste is fermented or composted.

SOCIAL

- Direct employment is created for people with fewer opportunities.
- Indirect social job creation by producers and suppliers.
- A social project is supported or there is a collaboration with partners.

GREEN TRANSPORT

- No combustion engine for large deliveries.
- Transport of large deliveries with LPG or CNG.
- Small deliveries always with non-motorized transport.

100% VEGGIE

- ⊙⊙⊙ Our entire range is vegetarian.
- ⊙⊙ We always strive for 100% vegetarian, unless the customer indicates that he/she wants it differently.
- ⊙ We can offer a varied 100% vegetarian selection on request.

100% PLANT-BASED

- ⊙⊙⊙ Our entire range is plant-based.
- ⊙⊙ We strive for 100% plant-based and only serve animal products if customers specifically request this.
- ⊙ We can offer a varied 100% plant-based selection on request.

Find the caterer for your reception, meeting or event

All caterers in this list offer the Sustainable UGent Option. For us, this is the minimum that the caterer must meet to be able to be considered sustainable:

Vegetarian
at least 50% varied vegetarian offer

Fish
fish with label and with vegetable diet

Meat
only meat with a low carbon footprint and with attention to animal welfare

In addition to the basic requirements we present 10 other sustainable initiatives which the listed caterers take or can provide:

Fair trade, seasonal, organic and short-chain products; Prevention of food waste and processing of leftovers; Efforts with a positive social impact; Green transportation; The possibility of offering 100% vegetarian and/or plant-based options

- LEGEND**
- The example for the future
 - Valuable approach
 - First step taken
