# WHAT IS IMBRSEA

- **IMBRSea**: International Master in **Marine Biological Resources** – supported by **Erasmus Mundus**: 2 years, 120 ECTS
- **Joint** international **consortium** of **11** leading European universities in the field of **marine sciences**, coordinated by **UGENT**
- **GOAL**: to prepare students for the rapidly evolving demands of the **Blue Economy**, as well as **Scientific Research** training, with focus on

Flagship programme of

the **Sustainable use of Marine Biological Resources**

## **Ghent University - UGent (BE) – main coordinator**

University of Algarve - UAlg (PT)

University of Oviedo - UniOvi (ES)

University of the Basque Country - UPV/EHU (ES)

Polytechnic University of Marche - Univpm (IT)

University of Côte d'Azur - UniCA (FR)

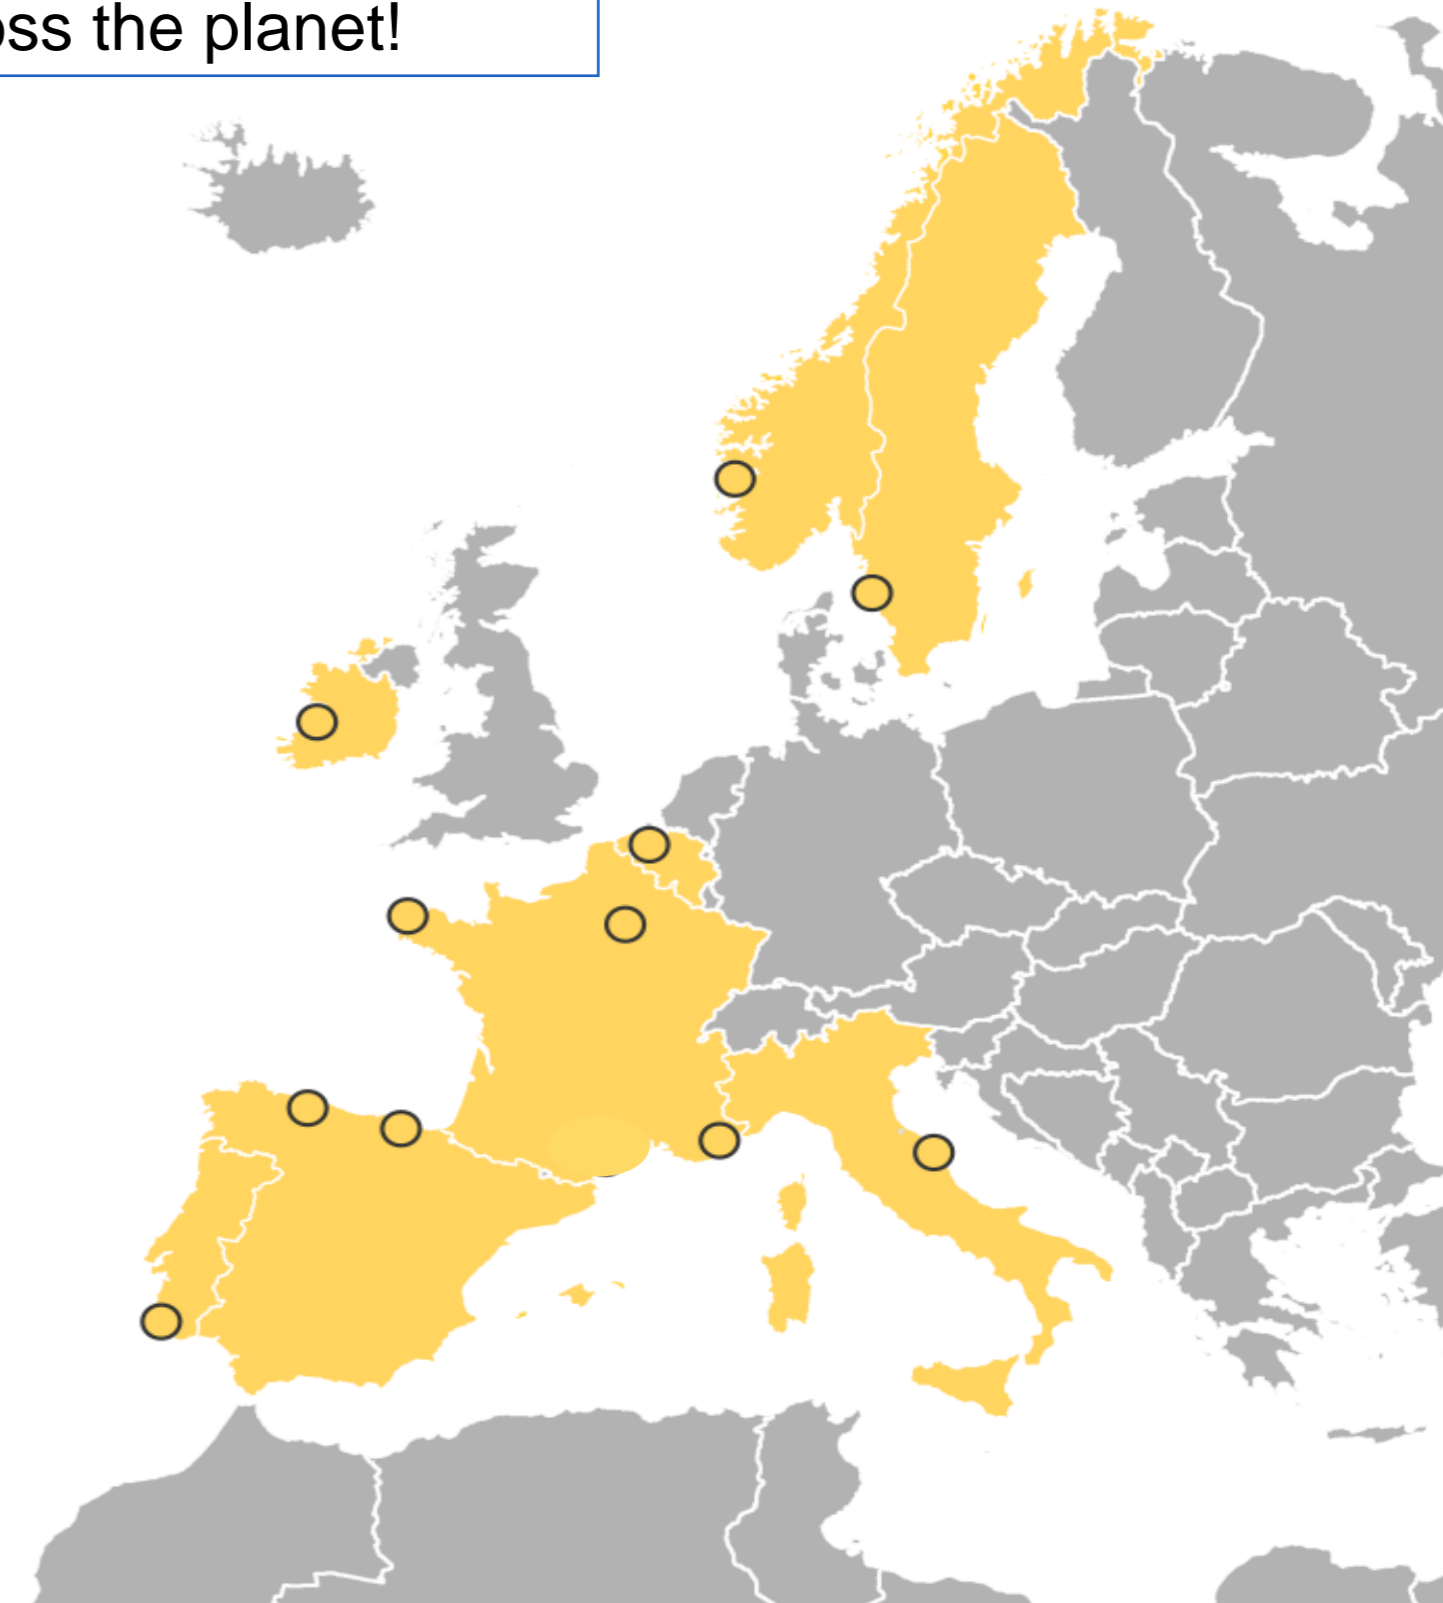

University of Sorbonne - SU (previously: UPMC) (FR)

University of Western Brittany - UBO (FR)

Atlantic Technological University – ATU (former GMIT) (IE)

University of Gothenburg - UGOT (SE)

University of Bergen - UiB (NO)

UNIVERSITETET I BERGEN

UNIVERSITÉ CÔTE D'AZUR

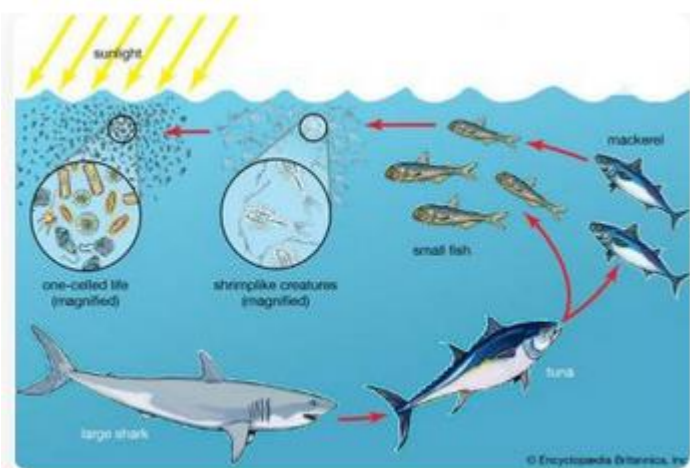

UNIVERSITY OF  
GOTHENBURG

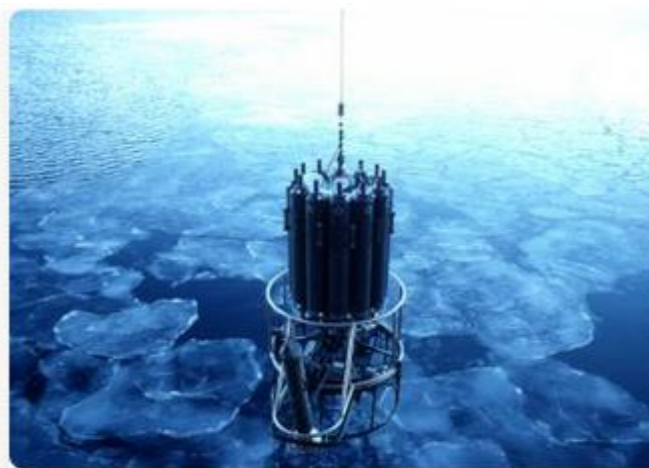

# WHAT YOU WILL LEARN

## First Semester: Fundamental Package

+ Transferable-Skills course

Marine Ecology

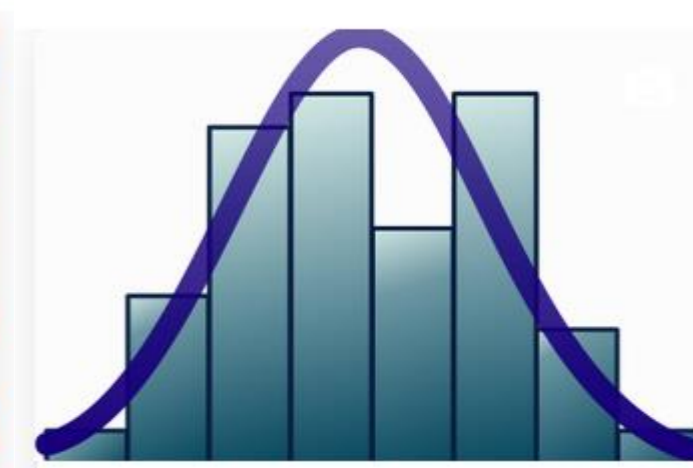

Oceanography

Marine Genomics

Marine Policy & Governance

Quantitative Methods in Marine Sciences

## Thematic Orientation: Second & Third Semesters

10 minors + 5 majors with 15 specialization tracks!

Analysis & Forecast in Marine Systems

Applied Marine Ecology & Conservation

Blue Biotechnology & Bioeconomy

Fisheries & Aquaculture

Ocean Literacy & Education

# STRUCTURE, MOBILITY & JOINT ELEMENTS
